Dear Principal Belle and E.D. Diacou;

The purpose of this letter is to notify you that effective Saturday, September 23, 2017, a parent association has been formed at the Rosalyn Yalow Charter School.

This new parent association will not interfere with administrative decisions. This initiative is only intended to promote parental engagement and a more active parent participation in school's matters and activities, as well as to assist the school in achieving its goals on the road to the success of our children. Beginning this school year 2017, we will be holding a series of meetings to plan fundraising events. While the initial idea is to raise funds for our chess team, the ultimate goal is to expand those events for the entire school and all of its programs.

We look forward to working together. **Success is not a choice!**

Cordially,  
Kathya M. Dunn-Moodie  
For the R.Y.C.S. Parent Association
